

Ulcer-Ease

Ulcer-Ease is a blend of herbs traditionally used for:

- Assisting in soothing digestive tract inflammations
- Aiding in the healing of gastric conditions
- As a natural antacid
- As a mild calmer to relieve stress
- As a liver supportive to aid proper digestion

Ingredient List:

Slippery Elm bark, Comfrey leaf, Plantain Leaf, Marshmallow root, Meadowsweet, Chamomile flowers, Vervain, Milk Thistle seed and Fenugreek seed.
Silymarin (calculated as Silibinine) 0.75g/kg

Hormon-Ease

A pure blend of herbs traditionally used for hormone balancing and helps in calming. This blend is suitable for both mares and stallions.

Ingredient List:

Chaste tree berries, raspberry leaf, rosehips, chamomile flowers, passiflora herb and hops flowers.

Bone & Tendon Repair

A pure herbal blend traditionally used to assist in increasing circulation and for promoting healthy bone, tendon and ligament development and healing. This blend is also recommended for Navicular Syndrome.

Ingredient List:

Rosehips, nettle, dandelion, comfrey, horsetail, deep sea kelp and yarrow.

All these registered products may be ordered through any tack, feed or veterinary supplies outlet.

Buying registered products guarantees:

Safety · Quality · Efficacy

Additional registered Honeyvale Herbs blends include:

Fenu'Shine - V18727
Hoof Grow - V18726
Lamin-Ease - V 20713
Serenity Kalma - V18725
Vitality Mix - V18046

We currently have twenty-six registered products. We are very proud to announce that, to the best of our knowledge, we now have more registered products for animals than any other company in the Southern Hemisphere!

Thank you kindly for your loyal support which helped us to achieve this significant milestone!

kindest regards,
The Honeyvale Herbs Team
